Study: The Case for Investing in Young People – United Nations Population Fund (UNFPA)

This paper presents evidence and analysis to support the integration of young people's rights, needs, and aspirations in poverty reduction strategies. It shows how to make a convincing and evidence-based case for prioritizing the needs of young people among other competing claims for resources for the poverty eradication agenda. It shows how to make a convincing and evidence-based case for prioritizing the needs of young people among other competing claims for resources for the poverty eradication agenda.
