UNESCO: The World Heritage in Young Hands – Educational Resource Kit for teachers

The World Heritage in Young Hands Educational Resource Kit for secondary school teachers is one of the main tools of the World Heritage Education Programme. It aims to sensitize young people to the importance of preserving their local, national and world heritage. The Kit promotes discussion and listening to others, resulting in re-affirmation of identity, whilst promoting mutual respect and respect for diversity. It serves as a valuable bridge for bringing together young people, teacher, heritage specialists and other stakeholders in a situation in which they can learn together and from each other and which results in knowledge and appreciation for their local and world heritage.

The kit is available here: http://whc.unesco.org/uploads/activities/documents/activity-54-19.pdf
